

# GASTRIC BYPASS

---

## GASTRIC BYPASS COMMUNITY SYMPOSIUM

---

Come and explore the opportunities and advantages of gastric bypass surgery. Talk to the physicians and ask questions of patients who have had the procedure.

It is easy to get around the hospital. For your convenience we offer valet parking and free shuttle service from the parking lot to the door. Once inside, you can either use our free mobility cart or we have a volunteer who would be happy to escort you by wheelchair.

**Community Symposium meets  
monthly at Methodist Hospital**

For reservations, please call  
**1-888-388-2838.**
